### **Response to Inspector's queries for Newcastle-under-Lyme Local Plan**

#### **MATTER NINE – EMPLOYMENT POLICIES AND ALLOCATIONS**

**9.1** Unclear so don't know.

**9.2** Unclear. Don't know.

**9.3** Unclear. Don't know.

**9.4** Probably not since development will impact on many of the other policies and not in a positive way as the Lepus report indicates.

**9.5** Don't know. The first draft for many of the policies was based on out of date data. The Inspector would need to confirm if this has been updated.

**9.6 (a-f)** Don't know. It seems that the infrastructure could be left to the developer via CIL/S106 agreements to implement.

**9.7** Don't know but perhaps we should.

**9.8** Don't know. Did the last Plan deliver? It might be useful to know in order to assess the possible success of this one - which seems even more ambitious.
